

## CLASS EXPECTATIONS 2019 - 2020

Developed and to be implemented by Mrs. Burchett's U.S. History Classes

### Respect

Students and teacher will treat each other with respect. Students will treat their peers, teacher and guests respectfully.

Listen when others are speaking. Only one person should be talking at a time.

No bullying, name-calling, or ethnic or other types of slurs.

Keep an open mind about what and how you are learning. Don't judge others' opinions.

Treat other people's and school property as you would your own.

Keep all electronics (phones, earphones) turned off and put away unless told to do otherwise.

Keep all interactions with others appropriate i.e. 'keep control of yourself so you can learn and so you don't keep others from learning.'

### Responsibility

Come to school and be on time to class every day.

Have all your materials ready to go when you arrive.

Prepare all assignments in a thorough and thoughtful manner by the due date.

### Involvement

Listen for information and instructions the first time. Follow directions.

Actively and appropriately participate in all class activities, assignments, and discussions.

Work together collaboratively with classmates and teacher to learn. Help your neighbor.

### Safety

Keep hands and feet to selves.

Keep backpacks out of aisles.

No fighting, weapons, drugs or alcohol at school.

### Education

Do your best to learn every day. Try to gain something from every class and connect it to your life in some way.

Take risks with your learning. It's good to challenge yourself to learn new material or learn material in a new way.

We all make mistakes. That's OK! It's also OK to not 'get' something as quickly as others. Just keep trying!

Enjoy class as you are learning. HAVE FUN! This is one way to become a life-long learner.

## Classroom Norms:

Phones and headphones, ear buds, etc. should be put away in a backpack or purse- unless I tell you we are using them in class that day.

Push your chair in before you leave.

Turn in clean edge paper only. (pet peeve)

Pick up any paper or trash around your desk before you leave.

Put materials back where you got them before you leave.

Take bathroom pass and use when there is a break in instruction. Keep your bathroom break to 5 minutes or less. Only one person can be out of the room at a time.

On days when I make coffee, you are welcome to have coffee. If we have enough people drinking coffee, we will start a coffee club and each person will be expected to chip in for coffee and coffee supplies. Keep coffee area clean.

Snacks are OK in class as long as you are not disruptive eating them and as long as you clean up your desk and any trash after you have your snack.
