Upcoming Events

September 4

Early release day: Classes are over by 11:45

September 7

Labor Day – No school

September 21

Givens PTO Meeting

Picture day is still to be determined.

Help your child prepare for their school day. They need to be ready to learn by 7:50. That means that they're up, dressed, breakfast finished and they're logging in by 7:50.

Givens learners keep up the good work!

Our school is a food distribution site. If you are interested, please see the information provided in this link.

meal pick up
information memo 81

Dear Givens Families:

We're almost through the 2nd week of school and it's been great seeing the teachers and children working together – even virtually! Although we are working through a few technology issues, things continue to improve every day. Thank you for your patience during this time.

These first few weeks have been and will continue to be a busy time for our students as they get to know the routines, learning on line and becoming part of a classroom community. The teachers are also taking this time to get to know the children and plan for instruction based on needs, interests, likes, topics, etc. This is important as they continue to plan for the class, groups and individual instruction. The assessments that our reading coordinator refers to will also help the teachers best meet the needs of the students.

The following is a reminder from our District ELA coordinator, Julie Paur:

Over the next few weeks, your student will be given assessments for reading and writing. Some of these assessments will be in a one-on-one breakout room with a reading specialist or another staff member from the Webster Groves School District. These testing sessions will be recorded. During these assessments, please refrain from assisting your student. These assessments are not for a grade, but to guide classroom instruction.

Supply pick up for the Givens students is Wednesday, 9/9, from 8:00-4:00. You're teacher will notify you if there are items for you to pick up and if there is a specific time for their pick up.

Have a great long weekend!

Dr. Retzlaff
