

# STEWARDS OF CHILDREN®

## WHAT IS STEWARDS OF CHILDREN®?

Using the *5 Steps to Protecting Our Children™* as a framework, *Stewards of Children®* is a two-hour training that teaches adults practical actions to prevent child sexual abuse or intervene if abuse is suspected. Featuring compelling and engaging content to motivate participants, the program is designed for parents, concerned individuals, and any adult that works with youth. Through *Stewards of Children®*, over 1,000,000 adults have been trained to protect children from sexual abuse. It is available in both English and Spanish, and in online or facilitator-led formats.

*Stewards of Children®* features survivors who lived through child sexual abuse, experienced it's immediate and long-term effects, and ultimately were able to find healing. It also highlights experts who work with children and families and confront abuse on a daily basis. Research suggests that child sexual abuse reports, substantiations, and interventions in cases of abuse increase as a result of training, implying that more children are being identified as victims and able to receive services.
