

Communication Survey

The Webster Groves School District understands the importance of communication as we work together to improve our schools. To best communicate with all district residents, we've created a brief survey to help determine how and what you'd like to hear from us as well as what we need to do to gather information/opinions to ensure that your voice is heard. The survey is intended for all households, whether they have students enrolled in the schools or not. We plan to use survey results to help guide efforts to improve our communication practices and ensure that everyone has the information they need to help our students and school community succeed.

Please help us by providing your valuable input. We look forward to hearing from you.

(Please circle one answer for each of the following questions)

1) How closely do you follow what's happening in the Webster Groves School District?

Very closely Somewhat closely Not very closely
