School Breakout

Two Questions to Consider

- What is currently happening in your school to address equity?
 - What do you wish was happening in your school to address equity?
-

Debrief

Debrief

While groups are sharing, here are some questions to consider:

- Are there things that you can assist with at the different schools?
 - Do you have questions about something that is occurring in another space?
 - Is there something that you would like to bring back to your school? If so, what information do you need in order to do that?
-

Gallery Walk

Walk around with sticky notes and view other school's posters.

- Are there things that you can assist with at the different schools?
 - Do you have questions about something that is occurring in another space?
 - Is there something that you would like to bring back to your school? If so, what information do you need in order to do that?
-

School Breakout 2.0

Divide back up into your school locations.

- What did you see that might be something you're able to implement in your own buildings?
 - How will you make that happen?
 - Do you need to connect with someone from another school to gather more information? Go make that connection!
