

Classroom Connection

Mrs. Lorson

October 22, 2020

- **Supplies:** If you are able to send in a canister(s) of disinfecting wipes it would be very much appreciated. This would make the cleaning of the desk throughout the day much easier.
- **Water Bottles and Masks:** These two items are essential for a successful day for your child. Make sure your child remembers a comfortable mask that fits and a spare one just in case they need to change it. *The drinking fountains are not open.* If your child tells me they have forgotten their water bottle, the office will call to see if you can deliver one, but please check for these items before leaving home.
- **Halloween:** Even though we will not be bringing costumes or having a class party, we will make sure we do activities throughout the day to celebrate the holiday. If you are able please come by the drive-thru Clark PTO Trunk or Treat. I will be there 5:30-6:30pm.
- **Reading:** The students are continuing to learn decoding strategies and good habits of readers. We are in the middle of a unit called Word Detectives. At school your child has a book basket with guided reading books, choice books that are just right and "look" books which are books that they find interesting. **In addition to the daily reading they do at school they should be reading 10-15 minutes every night.** These minutes add up and are a predictor of future success in school. If you need some just right books for your child to read at home, please reach out and I will send home books. Thank you.

Upcoming Dates to Note:

10/30/20: Trunk or Treat 4:30-6:30pm

11/03/20: No School. Records Day
