

WGSD Transfer Student Enrollment Update

January 26, 2015

John M. Thomas
Director of Student Services

- Students from the City of St. Louis have enriched the culture of the Webster Groves School District immeasurably.
- WGSD is participating in year one of the 5 year extension of the program that was approved by the VICC Board in the fall of 2012.
- The 5 year extension allows new student enrollment through the 2018-19 school year.

Voluntary Transfer Program

- The 2014/15 target enrollment for students taking part in this program is 160.
- All children residing in the city of St. Louis who attend district schools through the conclusion of the extension will be given the option to continue here through graduation.
- Funding for these students will continue as long as they remain in WGSD schools.
- Current funding is \$7250 per student.

Voluntary Transfer Program

- Just as last year, due to space needs at the elementary level and to maintain the projected level of participation in the program, it is recommended for the 2015-16 school year to not accept kindergarten students, but to accept 5 high school students or siblings of current students depending on space availability.

** Five students to be accepted and grade level may change based on space availability

Voluntary Transfer Program

- This year we continue to accept children from the two area unaccredited school districts depending on space availability:
 - Normandy Schools Collaborative
 - Riverview Gardens School District
- Currently, 16 students attend WGSD
 - NSC—8
 - RGSD—8

Transfer Students from Unaccredited Districts

- We are in the process of determining if our current students from NSC and RGSD intend to return next year.
- Pending state legislative action we will continue to work with Education Plus, NCS, and RGSD to accept transfers for the 2015-16 school year.
