SUBSTITUTE TEACHERS REPORT

This list of substitute teachers is comprehensive of both subs who are returning and new hires.

All newly hired subs will attend a Substitute Orientation.

Substitutes are permitted to work only 4 days a week (7.25 hours/day x 4 days=29 hours) to comply with the Affordable Care Act.

WEBSTER GROVES SCHOOL DISTRICT BOARD OF EDUCATION ITEM OF CONSIDERATION

DATE: June 26, 2017

TOPIC/PROPOSAL:

Authorize administration to approve the attached Personnel Report, including stipends issued to staff employed to support the interests of our students through sports, clubs, etc. Please note the following points related to the attached stipends:

1. The coaches, activity directors, and some extras' stipends are paid at a percentage of the teachers' salary schedule. Those percentages have been set in order to ensure we are comparable to like positions throughout some districts in St. Louis County.
2. Please note some stipends are paid on the old salary schedule and some on the new. This is unique this year due to the modifications made to the teachers' salary schedule for 17-18. The Bachelor's channel on the new salary schedule stops at step 11, however, some coaches were on steps 12-14. As like teachers' we did not want anyone to experience a pay cut.
3. Staff on step 14 do not receive an increase annually due to the structure established for compensation. Their pay is modeled after the teacher's salary schedule. Under the current structure, if that step receives an increase, we will apply that increase to the stipends.
4. You may notice that the Cross Country coaches received an increase and they are at step 14. This is due to there being a discrepancy in pay. Cross Country is a fall sport and is similar to track, which is a spring sport. They are similar in activities, season length, and have multiple weekend events. For 16-17, Cross Country stipends were 7% for the head coach and 5% for assistants as opposed to Track at 9% for the head coach and 7% for the assistants. Due to this matter, it was determined to provide the Cross Country coaches with equitable pay.
5. Leah Poe is our orchestra director and has really created a program that is competitive and comparable to the choir and band programs. Due to the time commitment and raised level of competition, we determined to provide her with a stipend that is comparable to the other directors.

During the 2016-2017 school year, we created a committee to have discussions surrounding stipends and supplemental agreements. This committee is composed of district-wide administrators, coaches and teachers. The goals of the committee are to review the current stipend system, research practices, and to create a transparent system. During the 2017-2018 school year, we plan to present to the Board a more comprehensive supplemental and stipend payment model that is competitive and comparable, with a system of evaluation and accountability.
