

Process for Selection of Board of Education Officers Adopted March 2015

On March 23, 2015 the Webster Groves School District Board of Education has agreed upon a process for the selection of Board Officers. There is no expectation that any individual will serve a specific number of years in the position of any Board Office. Board Officers include the President and Vice President. Each position will be elected by a majority of the Board members present during the first meeting in April following the Board general election. The process includes:

1. On paper, BOE members may suggest one individual for the office of President
2. Board Secretary collects and announces each name that is being suggested for President. At that time, the suggested individual is asked if he/she is interested in the position.
3. Board Secretary calls for an official nomination for the suggested individual. A second will be required.
4. This will repeat until all suggested names for President have been read and officially nominated.
5. Using secret ballot, BOE members will cast their vote for President.
6. Simple majority will be required for election. In the event of a tie for a ranking *other* than 1st place (and if 1st place receives less than 4 votes) a re-vote will take place for the 2nd name to be considered.
7. If necessary, a final vote will take place between two candidates only.
8. The process above is then repeated for the role of Vice President.
