

**2017-2018**  
**Webster Groves School District**  
**Non-Resident Tuition Student and Students from Unaccredited School District**  
**Parent Agreement**

The undersigned parent/guardian hereby understands and agrees to the following:

- We/I will provide all aspects of transportation for the student to and from his/her designated school in the Webster Groves School District (WGSD), including extracurricular activity transportation. The inability to transport the student to his/her designated school will not be considered a valid reason for an excused absence. In accordance with state law and Webster Groves School District Board of Education policy, the appropriate agencies will be contacted for students who have excessive absences.
- If a nonresident student's attendance rate drops below 90% at any point during the school year for any reason other than an extended illness/injury of the student while under a doctor's care, the student's enrollment may be reconsidered.
- We/I will submit with this request two proofs of residency, consistent with WGSD Board of Education Policy, demonstrating residency and domicile in an unaccredited school district. Waivers of domicile may only be obtained from the unaccredited district.
- Acceptance of this enrollment is pending the completion and approval of the Webster Groves School District Student Enrollment Form.
- The superintendent or his/her designee will determine school placement
- The Special School District provides special education services only to students residing in St. Louis County. Students attending WGSD and living outside the county are responsible for making arrangements with their home district if special education services are needed. Providing or arranging for special education services are not a responsibility of the WGSD.
- Acceptance into the WGSD is on a year-to-year basis. At the time the resident district becomes accredited, the student must enroll in his/her home district and will be withdrawn from Webster Groves School District unless tuition payment has been arranged for the remainder of the current school year.
- All students must comply with all rules, regulations and policies of the receiving school district.
- If the unaccredited home district fails to pay tuition timely, then the student may be withdrawn from or not enrolled in the WGSD.
- We/I provide consent for WGSD to obtain school records, including discipline records, for review by the superintendent or his/her designee to determine if the above named student is in good standing and is not likely to be a danger to self and others.

I (we) understand that it is in violation of Missouri law to submit false information for residency and that the school district may recover the cost of educating my (our) child/children.
